Student Exercise: Chicken Noodle Soup

The purpose of this exercise is to work creating CSS Styles in Dreamweaver.

Use the mockup, ***reference_chicken_noodle_soup.jpg***, as a guide to help you identify different elements on the page.

In this exercise, you will:

- Identify html tag structure
- Copy/Paste text from a Word Document
- Format Text using Dreamweaver
- Create Links
- Create and attach a new CSS style sheet
- Create and apply CSS styles to a webpage
- Use a Google Font

Instructions:

1. Copy the folder named *Chicken Noodle Soup* into the *Student Exercises* folder on your i:drive

2. Open *reference_chicken_noodle_soup.jpg* and identify the html elements needed to structure your page (Note the headings, paragraphs, lists and links)

3. Create a new HTML file and save it as index.html

4. Create a new div with a class of page-container

5. Copy/Paste text from word doc into page container and remember to clean up any leftover word formatting.

6. Using the mockup as a guide, format the text using the properties panel

7. Create Links as shown in the mockup:

a. Link Contact Us to your email address
b. Link 'allrecipes.com' to http://www.allrecipes.com

8. Create a new CSS style sheet named styles.css and attach it to index.html

9. Use the following Google Fonts for your page:
   a. Headings – Sansita
   b. Body Copy – Open Sans

10. Style your page elements using the following table:

CSS Selector	Properties
body	• Font family: Open Sans + Arial Font Stack • Font color: #52504a • Font size: 15px with a line height of 21px • Background Color: #e3f2f3 • Background Pattern: pattern.png, repeat • Margin top/bottom: 40px • Margin left/right: 0px • Padding: 0px
#page_container	• Background color: #ffffff • Margin top/bottom: 0 • Margin left/right: auto • Padding top/bottom: 40px • Padding left/right: 60px • Width: 840px
h1	• Font Family: Sansita + Times New Roman Font Stack • Font Size: 36px • Font Color: #d55c00 • Font-weight: 700 • Text-Align: Center • Margin top/bottom: 24px
h2	• Font Family: Sansita + Times New Roman Font Stack • Font Size: 24px • Font Color: #d55c00 • Font-weight: 700 • Text-Align: Center

	• Margin top: 28px
P	• Padding top/left/right: 0 • Padding bottom: 12px
ul	• Margin top/left/right: 0 • Margin-bottom: 24px • List-style-type: square
li	• Line height: 20px • Padding top/right: 0 • Padding left/bottom: 6px
a	• Color: #26a3d7 • Text-decoration: underline
a:hover	• Color: #d55c00
.img_border	• Border: 2px, solid • Border-color: #e9e0d8
.tip	• Font-size: 13px • Line-height: 18px • Font-style: italic

11. Save your changes

12. Upload your complete work to GitHub
